Audiovisual Design & Integration

As a full service design build firm, Presentation Products provides turn-key audiovisual solutions to Corporate, Higher Education, K-12, Hospitality, Government, Military, and Residential markets since 1985. With offices in New York City, our mission is to:

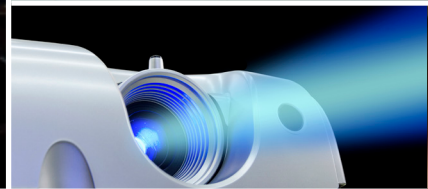

- Deliver simple, reliable audiovisual solutions that are easy to use, cost-effective, and trouble free.
- Provide our clients with exactly what they need, while exceeding their expectations of product quality, performance, and service.
- Build long-term relationships by focusing on our core beliefs of professionalism, honesty, and trust.

We look forward to serving your audiovisual needs.

Sincerely,

Orin Knopp
President & CEO

Qualifications

Presentation Products is recognized as a Diamond Level Solutions Provider by InfoComm International, the professional audiovisual industry's trade organization. The Diamond Level status is the highest level achievable and recognizes top organizations that are dedicated to maintaining industry training certifications and ongoing professional development. PPI is the only Diamond Level company headquartered in New York City.

Recognition

Presentation Products was recently recognized by System Contractor News (SCN) Magazine as one of the "Top 50 System Integrators of 2010." This honorable list represents the leading audiovisual systems integrators from the US and Canada.

Memberships

We are an active member of the American Institute of Architects. As such, PPI maintains close relationships with many of the area's most distinguished architectural and design firms. In addition to ongoing collaboration on projects with these firms, we provide AIA continuing education credits to their employees.

Whether students are in the classroom or attending from around the globe, they have come to expect audiovisual solutions that provide rich and productive learning experiences. To stay competitive, attract sophisticated faculty, and prepare students for the global economy, universities must meet these expectations.

Presentation Products is one of the most widely trusted partners of colleges and universities in the tri-state area. We provide comprehensive, integrated audiovisual solutions for:

- Board Rooms
- Classrooms
- Collaboration Rooms
- Computer Labs
- Fitness Centers

We look forward to helping you transform your facilities into inspiring learning environments for students and faculty.

Educators around the world realize that 21st Century learning must consist of more than just textbooks and chalkboards. With young people immersed in multimedia throughout their lives, keeping students engaged in the classroom is a must. Studies have shown that interactive audiovisual solutions make this possible, increasing student participation and improving test scores.

Presentation Products has been a trusted partner of K-12 schools for over 20 years. We provide comprehensive integrated audiovisual solutions for:

- Auditoriums
- Cafeterias
- Classrooms
- Computer Labs
- Gymnasiums
- Theatres

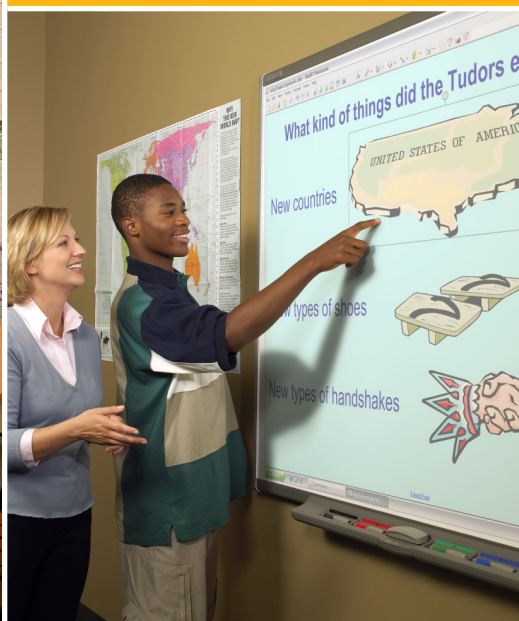

We look forward to helping your students reach their full potential.

Hospitality designers and operators strive to create a total guest experience. Whether the goal is an aura of calm, luxury, energy, refinement, or nostalgia, a properly designed audiovisual solution is paramount to success.

For over twenty years, we have worked with many of the world's leading architects, designers, developers, and operators to deliver solutions for business, luxury, and boutique hotels. Set yourself apart from the competition with our audiovisual systems for:

- Ballrooms
- Bars & Lounges
- Conference Spaces
- Fitness Centers
- Guest Rooms
- Retail Spaces

We look forward to enhancing your facilities and elevating your brand identity.

When every second counts, your audiovisual solutions must be agile. At a moments notice, you need to be able to communicate and collaborate with personnel nearby or a thousand miles away. Our audiovisual solutions make this possible, transforming any space into a productive arena for real-time information sharing, training, and decision making. We provide easy to use yet powerful tools that you can walk up and use in seconds. These systems are mission critical to the success of your operation.

Presentation Products has been a respected provider of Military, Federal, State, and Local Government agencies for over twenty years. We provide comprehensive, integrated audiovisual solutions for:

- Briefing Rooms
- Command Centers
- Control Centers
- Emergency Response Centers
- Simulation Centers
- Training Rooms

We look forward to helping you design and implement a total audiovisual solution.
